ENRICH AND PROLONG YOUR HAIR COLOUR THE NATURAL WAY WITH THE KING OF COLOUR HAIR CARE RANGE FROM DANIEL GALVIN JNR

Renowned hair colourist Daniel Galvin Jnr has developed the outstanding colour specific range, King of Colour, combining perfect colour protection with Daniel's unparalleled passion for all things organic.

Daniel Galvin Jnr has risen to the top of the British Hairdressing elite through his dedication to creating natural and organic products, whilst at the same time delivering salon perfect results.

Organic pioneer Daniel was unhappy with the long list of unnatural and chemical ingredients that could be found in the majority of hair colour care ranges. He wanted to develop a range that could rival the results of these traditional colour care products, so the **King of Colour** range was created, containing plant derived **natural ingredients** and enhanced with **organic essential oils** and **plant extracts**.

King of Colour Glossy Blondes

A shampoo and conditioner, which combines fruity Lemon Peel with the gentle soothing power of Chamomile, working together to enhance the shine and reflective properties of colour treated, highlighted or natural blonde hair.

King of Colour Glossy Brunettes

Containing Cocoa Bean and Walnut this colour range will develop and enhance depth of colour and shine in dark and auburn tones, as well as protecting and ensuring a long-lasting, beautiful colour for brunette hair.

King of Colour Glossy Reds

This range uses the natural properties of Red Clover and Wild Cherry to ensure a vibrant shine and depth of colour resulting in ravishing red colour, the organic way.

Whether you are a blonde, brunette or redhead the King of Colour range has a product that will help protect and enhance your colour.
